TRAFFIC ENGINEERING & CONTROL

INDEX TO VOLUME 8

May, 1966—April, 1967

	Month	Page
A		
Accelerations of queue leaders from stop lines, A. Dockerty	July	150
Accident research, J. J. Leeming	Apr.	739
Accurate data from weaving traffic, J. P. Cole	May	51
Area control of road traffic conference report	Mar.	682
Area control of traffic, B. Wehner	Dec.	502
B		
Bristol's city centre, P. J. Hills	Feb.	606
C		
Capital costs and land requirements of interchanges in rural areas, T. Constantine and M. J. Simpson	Oct.	388
Car design – minimising injury to occupants, G. Grime	Dec.	496
Car parking in Europe, J. Brierley	Jan.	570
Cardiff, Development and transportation study, W. Burns	Aug.	208
Carriageway markings go-slow, K. Summerfield	Mar.	666
Changing emphasis in traffic research, D. J. Lyons	May	29
Computer comes of age in transportation planning, W. Oxburgh	Feb.	623
Computer storage of accident records, A. N. Crowther	Feb.	614
Courses in traffic engineering	Aug.	224
Critical lag in at-grade intersections, Jens Rorbech	Dec.	500
D		
Development and transportation study for Cardiff, W. Burns	Aug.	208
Developments in car parking, J. Brierley	Oct.	401
Developments in West German traffic control, J. A. Ferguson	Aug.	216
Driver behaviour on urban motorways, P. J. H. Candy	Dec.	508
E		
Edinburgh parking, J. Brierley	Apr.	740
Eighth International Study Week and Road Safety Congress Report	Oct.	399
Eighth International Study Week in Traffic Engineering: Road Capacity of City Centres, R. J. Smeed	Nov.	455
Engineering for road and traffic networks Exhibition guide and catalogue	Sept.	inset
G		
G.L.C. traffic counter, B. V. Martin and S. W. Jennings	Dec.	507
Glasgow highway plan, Consultants' reply to criticisms of, R. Hodgen	Aug.	219
Greater London Council's first traffic year, P. F. Stott	May	33
H		
Highway plan for Glasgow, W. K. Smigielski	June	90
I		
Improved techniques for registration number traffic surveys, R. A. Paxton	June	96
Instrumentation in traffic engineering		
(1) Introduction, F. D. Hobbs and B. D. Richardson	Apr.	730
Instruments for traffic engineers		
(1) Vehicle mounted devices	June	102
(2) Road devices	July	161
(3) Photographic equipment and methods for traffic engineering studies	Aug.	221
(4) Multiplexing and other data transmission equipment	Aug.	222
Intensity of commercial traffic generation by industry, D. N. M. Starkie	Jan.	558
International co-operation in the field of road safety research (Road Safety Congress) R. J. Smeed	Oct.	397
I.R.F. Fifth World Meeting Reporters' summaries		
Professor W. Fisher Cassie and Professor Harmer E. Davis	Nov.	452
O. A. Kerensky	Dec.	506
Introduction to traffic science, W. R. Blunden		
(1) Basic concepts of interaction	Feb.	617
(2) Stability and steady state of traffic patterns	Mar.	677
(3) Land use activity	Apr.	732
J		
Journeys to work in new development areas, P. Prestwood Smith and R. Lane	Apr.	726
L		
Lighting Section:		
Vision on the roads at night, R. G. Hopkinson	May	55
Recent developments in street lighting, Granville Berry	June	108
The achievement of quality in street lighting, C. C. Smith	July	171
Street lighting and road safety, A. W. Christie	Aug.	229
Cut-off and semi-cut-off lanterns for street lighting, D. A. Schreuder	Sept.	317
Is a street lighting revival imminent ?, W. R. Stevens	Oct.	409
A look ahead at street lighting, K. H. Ragsdale	Nov.	465
Lighting engineers in conference	Nov.	467
A critical review of the value of road lighting, K. L. Duncan	Dec.	519
Progress report on high mast lighting, K. L. Duncan	Jan.	566
Cut-off and semi-cut-off street lighting installations, A. E. Walker	Feb.	628
Liverpool's city centre – transportation and town planning link-up, A. Goss	July	146
Londoners on the move, Mrs. J. Phillips	Sept.	289
M		
Motorised responsibility, C. D. Buchanan	May	37
O		
Organising for winter conditions in Cumberland, F. L. Broughton	Jan.	573
Origin-Destination studies – the telephone technique, V. S. Pendakur	Nov.	448
P		
Parking:		
Developments in car parking, J. Brierley	Oct.	401
Parking capacities of irregular areas, E. Grant and C. C. Smith	Nov.	442
Car parking in Europe, J. Brierley	Jan.	570
Edinburgh parking, J. Brierley	Apr.	740
Parking capacities of irregular areas, E. Grant and C. C. Smith	Nov.	442
Pedestrians and traffic signals, J. M. Bayley	Sept.	311
Plymouth and District Land Use/Transportation Survey, M. F. Snell and A. Norman		
(3) Fieldwork	May	44
(4) Coding	June	100
(5) Analysis of the survey data	July	153
(6) Preliminary findings	Aug.	212
Prediction of trip production and distribution in urban areas, J. M. Shaw	Jan.	561
Primary highway plan for Nottingham, A. Ling	Dec.	492
R		
Rapid transit study for Manchester, D. McCorquodale and R. F. Bennett	Jan.	548
Rationing road space, A. P. de Boer	June	94
Reflectorisation of registration plates, K. S. Rutley	Mar.	684
Reflectorised licence plates, Kare Rumar	Jan.	555
Revisions in the A.A.S.H.O. policy on geometric design of rural highways, D. W. Loutzenheiser	May	53

	Month	Page
Road capacity of city centres, R. J. Smeed	Nov.	455
Road Safety Congress: International co-operation in the field of road safety research, R. J. Smeed	Oct.	397

S

SELNEC Area Traffic Management Unit, K. M. Ledson	June	105
Skidding on wet roads, B. E. Sabey	Apr.	718
Speculative perception in city circulation, W. Fisher Cassie	May	41
Speed/flow relationships within an urban area, A. C. Dick	Oct.	393
Speeds and flows of traffic in central London, J. M. Thomson		
(1) Sunday traffic survey	Mar.	672
(2) Speed-flow relations	Apr.	721
Surveys and Studies:		
Plymouth and District Land Use/Transportation Survey, M. F. Snell and A. Norman		
(3) Fieldwork	May	44
(4) Coding	June	100
(5) Analysis of the survey data	July	153
(6) Preliminary findings	Aug.	212
A highway plan for Glasgow, W. K. Smigielski	June	90
Improved techniques for registration number traffic surveys – Edinburgh, R. A. Paxton	June	96
SELNEC Area Traffic Management Unit, K. M. Ledson	June	105
Liverpool City Centre – Transportation and town planning link-up, A. Goss	July	146
London Traffic Survey. Vol. II. Travel patterns in London 1962-81, H. J. Wootton and B. V. Martin	Aug.	200
Cardiff development transportation study, W. Burns	Aug.	208
Vehicle-trip generation studies in Nottingham 1964-66, L. W. Ackroyd		
(1) Residential land use and suburban shopping	Oct.	384
(2) Industrial and educational land use	Nov.	444
Origin-Destination studies – the telephone technique, V. S. Pendakur	Nov.	448
Primary highway plan for Nottingham, A. Ling	Dec.	492
Rapid transit study for Manchester, D. McCorquodale and R. F. Bennett	Jan.	548
Traffic dynamics: car following studies, T. Constantine and A. P. Young	Jan.	551
Bristol's city centre, P. J. Hills	Feb.	606
Tyneside conurbation traffic survey, G. G. Dobson and G. L. Murray	Feb.	610
Speeds and flows of traffic in central London, J. M. Thomson		
(1) Sunday traffic survey	Mar.	672
(2) Speed-flow relations	Apr.	721

T

The new Severn Bridge, A. D. Holland	Sept.	286
Traffic analysis and forecasting for total passenger traffic in urban areas, B. Wehner	Sept.	297
Traffic dynamics: car following studies, T. Constantine and A. P. Young	Jan.	551
Traffic engineering and management in central Liverpool, N. H. Stockley and A. J. R. Evans	Mar.	662
Traffic generation and forecasting, J. C. Tanner	July	164
Traffic signals for high-speed roads, F. V. Webster and P. B. Ellson	May	46
Traffic Studies Research Group, Progress report on,	Mar.	681
Transport planning, Rt. Hon. Barbara Castle, M.P.	May	26
Transport U.S.A. 1967, T. M. Ridley	Apr.	737
Transportation Engineering Group:		
Traffic generation and forecasting, J. C. Tanner	July	164
Driver behaviour on urban motorways, P. J. H. Candy	Dec.	508
Travel patterns in London 1962-81, H. J. Wootton and B. V. Martin	Aug.	200
Tyneside conurbation traffic survey, G. G. Dobson and G. L. Murray	Feb.	610

U

Urban railways and motor traffic, P. H. Bendtsen	Sept.	307
Urban transport co-ordination, Wilbur S. Smith	Sept.	304

V

Vehicle queue detection using inductive loop detectors, R. Ham	Mar.	669
Vehicle-trip generation studies in Nottingham 1964-66, L. W. Ackroyd		
(1) Residential land use and suburban shopping	Oct.	384
(2) Industrial and educational land use	Nov.	444
Visibility characteristics of motorway surfaces, M. J. Walker	July	156

W

Waiting times for buses in central London, E. M. Holroyd and D. A. Scraggs	July	158
West London Area Scheme – vehicle queue detection using inductive loop detectors, R. Ham	Mar.	669
Work of the Road Research Laboratory for developing countries, R. S. Millard	Sept.	292
